\* Skin Patch Test: This product contains ingredients that may cause skin irritations or allergies on certain individuals. It is recommended to perform a skin patch test prior to each application. Apply a small amount of product to clean and dry area in the inner side of the elbow and wait 48 hours. If there is any burning, itchiness, swelling or discomfort, do not use this product.

## BENEFICIAL INGREDIENTS

### Hydroxyethyl Cellulose (derived from sugars)

It forms a lightweight layer around hair for easy spreadability, ensuring even color results and boosting softness and manageability.

### Tocopheryl Acetate (Vitamin E derivative)

With antioxidant properties, it absorbs UV energy, protecting hair from free radicals induced by UV light and maintaining hair structure.
